TECO Electric Motors and Variable Speed Drive APP

Scan the QR code Available for Android & iOS devices

Discover the simplest way to access accurate technical data, years of hands-on experience and a wealth of TECO product and application knowledge.

TECO provides innovative solutions for your industrial energy needs. We are proud to introduce our Australian designed and built Electric Motors and Variable Speed Drives Mobile App for IOS and Android:

WATCH HOW IT WORKS

Make the most you can with Teco App

Access Motor & Drive Specs On-The-Go

Instant access to Motor and Drive product specifications and data, the APP also works and provides basic data and support when offline – perfect for remote locations or areas of weak signal.

Easy-To-Use Tools For You

We have included an effective and simple to use Motor and Drive selection tool, to ensure you get what you need. We have also included an energy efficiency calculator.

Learn more about their wide range of products including electric motors and variable speed drives from anywhere at any time. The TECO APP was developed and built by the TECO Australia & New Zealand team, so it is designed for local use, standards, and conditions.

You can rely on this APP to represent genuine engineering knowledge and troubleshooting ideas as well as ensuring you have all the Data Sheets, specifications and even images you will need.

Power your experience with the TECO App

TECO APP is the ultimate tool for professionals in the industrial energy sector. Whether you are an engineer or technician, this APP has you covered.

With the TECO APP, all the technical data you need is just a few taps away. The app is designed with user-friendliness in mind, ensuring that even the most complex information is presented in a clear and concise manner.

The TECO APP also offers a Motor equivalent finder, Energy saving calculator, Maintenance & Troubleshooting and a wide range of technical resources.

Our TECO Electric Motors and Variable Speed Drives Mobile APP, is free to download and use, designed to simplify selection and maintenance complexity, and enhance your experience with some of our solutions.
