Packaging Sustainability

TECO Australia's Commitment to Sustainable packaging for Home Appliances

At TECO, Packaging Sustainability is a priority. We remain committed working with responsible suppliers by choosing more sustainable materials and design options that enable us to meet stakeholder expectations and provide you, the consumer, information on our packaging.

We aim to follow these guidelines :

Design for recovery

Optimise material efficiency

Design to reduce Product waste

Eliminate hazardous materials

Use recycled materials

Use renewable materials

Design for transport efficiency

Design for accessibility

Provide consumer information on environment sustainability

2025 Packaging Targets:

Minimum 50% recyclable content used in home appliance packaging

All home appliance products to include on-pack labelling for disposal or recovery

All Appliance Production facilities are to meet the minimum recyclable content target
